I am an ambitious person seeks to achieve creativity in their respective fields As my beginning to work in the graphics were a hobby continuing studies led to professionalism I am trying to learn more & more and practice creative work always

am a very optimistic and friendly person and feel I have the right mix of attitude and diversity to deliver any required values. I thrive in a fast moving, demanding, diverse and pressurised .environment as they bring out the best in me. I enjoy working hard and having a goal to achieve new technologies, movies, design, pop culture, music, antiques and I am an extremely friendly, gregarious and confident person. I love cooking, live games and socialising with friends.
